Educate All Children in Health.

THE WAY TO HELP By a Contribution to Red Cross Funds
by a Red Cross Dance or Entertain-
ment
By a Donation of Grain.

Alberta Division Canadian Red Cross Society.

Traders' Building, Calgary Alberta.

Conservatives Make Almost Clean Sweep

**QUEBEC AND SASKATCHEWAN ONLY LIBERAL
PROVINCES**

Following is the latest summary of the election available and
is from Liberal headquarters at Ottawa, and will undoubtedly
subject to a revision

Nova Scotia	11	3	..	1
New Brunswick	10	1
Quebec	3	50	..	12
Ontario	65	7	2	8
British Columbia	9	3	1	1
Alberta	3	3	8	2
Manitoba	3	1	5	8
Saskatchewan	3	..	18	1
Prince Edward Island	..	3	..	1

The outstanding feature of the election was the defeat of the
prime minister and all the Ontario members of his cabinet, in
fact Ontario is as solidly Conservative (as Quebec is Liberal).
Garland's majority in Bow River was much more sweeping than
was anticipated, the Drumheller valley contributing largely to
this result. The result at the local poll was Gouge 73, Douglas
67, Garland 13. Long Coulee gave a conservative majority,
while Harmony had one conservative vote.

A radio report received at 1:30 p.m. on Friday gives the following sum-
mary: Conservatives 121, Liberals 99, Progressive 18, Independent 1, Labor 2,
in doubt 10.

Poppy Dance November 11th

A "Poppy" dance will be held
in McCullough's hall on Wed-
nesday, Nov. 11th, when every-
one attending the dance will be
presented with a poppy. The
event, which is held under the
auspices of the L. D. S. church
promises to provide a splendid
evening for those who attend.
The admission is \$1.50 per
couple and extra ladies' use.
The best of music and every
other facility for dancing will
be supplied.

Will Attend Alberta Conference

Rev. J. Lee and Mr. E. F.
Crawford will attend, as dele-
gates, the sessions of the Al-
berta Conference of the United
Church of Canada, to be held in
Central United Church, Cal-
gary, on Nov. 4th and 6th.
This will be the first Conference
gathering of the United Church
in this Province, and same
should prove of very great in-
terest. The Rev. Dr. G. C. Pid-
geon, of Toronto, Moderator of
the Church, will be the prin-
cipal speaker.

Car of Apples On Track On Monday

Buy them off the car at a
great saving. All kinds of
fancy winter varieties and
crates at remarkable values.
Phone us for prices at once and
book your requirements.—B. M.
Roberts.

Alex McDougall, well known
horticulturist breeder of this dis-
trict, will exhibit at Toronto
Winter Fair on Nov. 18th.

Mrs. G. M. Campbell enter-
tained to progressive whist on
Tuesday night and those
present enjoyed a particularly
pleasant evening. The rooms
were prettily decorated, the
refreshments were exceptional
and the entertainment deligh-
tful in every respect. One and
all the guests had a splendid
and future evenings of Mrs.
Campbell's will be eagerly look-
forward to. The honors were
carried off by Miss Terry and
Mr. Bishop. Consolations Miss
Williamson and Mr. Milburn.

Mrs. McClung spoke to a
large audience, most of whom
were ladies, on Monday after-
noon. The speaker maintained
her reputation as an orator and
her discussion of the political
issues before the electors was
highly interesting and was
greatly appreciated by her
audience. Mrs. McClung will
always be sure of a big audience
at any time she should visit
Champion in the future.

Saturday Nov. 7th is to be
Poppy Day. Five thousand
poppies made by Veterans, will
go on sale. This is the an-
niversary of the armistice.
Poppy Day will be held on this
date recalling the momentous
events attached to the signing
of the armistice.

To Newspaper Subscribers

When ordering your news-
papers or magazines bear in
mind that A. H. Peatman can
secure these for you, without
any additional cost to you. He
can also secure you any ma-
gazine published in America,
saving you the cost and trouble
of making a remittance. He
specializes in the Curtis pub-
lications, viz.—The Saturday
Evening Post at \$2.00 per year, The
Country Gentleman, three years
for \$1.00 and The Ladies Home
Journal at \$1.00 per year.

Leather Coats

These short Leather Coats
are fast taking the place of
the Vests. The nicely shaped
coat collar is a decided im-
provement as well as giving
a snappier appearance. They
fit like a sweater.

Grocery Special THIS WEEK

Cabbage, in splendid shape
per 100 lbs. **\$2.75**
Make Your Own Kraut.

The Man Who Does Things.

Ship Your Poultry to P. Burns & Co.

We can supply you with
crates any time.

Champion's Champion Meat Market

Big Double Attraction Vaudeville and Comedy

Champion Theatre, Saturday Evening, Oct. 31

Fred Karno and company, presenting the laugh pro-
voking skit, "SONS OF THE SEA" and other special-
ty numbers. A full picture program composed of
Thomas Meighan in The Man Who Found Himself
with VIRGINIA VALL. Out of the shadow of
prison walls, to back an unwelcome world. Fight-
ing to win back all he had lost—honor, friends, and
the girl he loved. You're right! IT IS a wonderful
Meighan role, and Tommy's wonderful in it. Adapted
from the original screen story by Booth Tarkington.

Notice—Owing to length of this program the
pictures will start at 8 o'clock and the vaudeville at
9.15—TWO REEL COMEDY—Admission adults 75c
children 35c. Note—The local management fully
endorses this show.

WORLD HAPPENINGS
BRIEFLY TOLD

The Glasgow city council, by a vote of 49 to 36, resolved to ban all alcoholic liquors at club banquets.

New York University has inaugurated its fourth year of air college. More than a million students tuned in on the radio broadcast lectures last year.

Planting of a necklace made of dentition shells and coral, worth, and estimated to be 25,000 francs, and, at Les Eyzies, France, is announced by the museum of Dordogne, Chateau Christian Krohn, noted Norwegian painter, is dead at the age of 72. He devoted himself largely to portraying sailors and fishermen and landscapes of a simple type.

An amateur at Perth, West Australia, has received a radio message from Sweden, transmitted with a power of only 18 watts. It claimed this is a world's record.

William Minnen, a pioneer of the business life of Toronto, and one of its best known citizens, is dead, aged 80. Mr. Minnen for many years represented the Roman Catholic citizens on the board of education.

A footpump automobile which can be held in the air with any one of its three motors and will travel at a 112-mile an hour clip, without control by human hands, has been successfully demonstrated by Anthony H. G. Fokker, noted Dutch designer.

The United Kingdom Alliance the largest temperance organization in Great Britain, is organizing a big campaign for the coming winter. The alliance states its object is fight for local option rather than for out and out prohibition.

A string of 202 pearls, valued at \$20,000, less more than a year, has been turned over to Paris officials. The dealer of the pearls intended to return them for a long period of time and then forced to make a report because of official questioning.

Active preparations have begun for the Amundsen-Elsworth airship expedition to the North Pole in 1926. Twenty-five skilled mechanics, left Spitzbergen to build an airship hangar at Kings Bay. The expedition will cost \$200,000. The United States has subscribed \$100,000.

Char Plant At Drumheller

Ligalite Products Corporation, of Buffalo, will establish a char plant at the Midland mine in Drumheller in six days. It produced a highly efficient fuel.

Many men have a right to be an egomaniac, but no man has a right to be proud of his lack of understanding.

Women Can Retain
Their Good Looks

—The Matrimonial Photo Studio—
Mrs. Wm. Fletcher of 28 Cherry St., Stratford, Ont., says: "Dr. Fiero's Favorite Prescription is a tonic and I believe that it would recommend every woman wearing middle life. I found it not only helped my nerves, dizziness and backaches. Before I took the 'Prescription' I had the strangest sort of pain, like a knife cutting thru my back. I took a few bottles of the 'Prescription' and can truthfully say every particle of pain has disappeared and I am feeling as well as any person could."

Go to your neighborhood drug store at once and obtain this 'Prescription' in Tablets or Liquid, or send 10 cents to Dr. Fiero's Laboratory in Bridgeport, Conn. for trial package.

Prefers Orient to United States

Wealthy Bombay Merchant Says Western Civilization Lacks Spirituality

After a visit of eight weeks in the United States, Byron Chitambar, a Parsee and a wealthy Bombay merchant, who assisted with his three daughters on the White Star liner Majestic on the last stretch of a trip around the world, found so little to his liking in our western civilization that he could not resist saying so. "Civilization is the conventional ideas of the high caste in India," he stated in a statement to this effect. "He said that our boasted western civilization was in fact not a civilization. It lacked spirituality, which is the basis of all civilization, he said, adding that we needed to be re-civilized by the east."

"In the first place, there is no respect for parents here," he said. "In India, I bow to my parents every morning, just as my own children bow to me. It is on respect and love with the family on which civilization rests, and this respect is sadly lacking in the western world."

"You Americans pride yourself upon your progress," he went on, "but it is an amusing thing, but if you eliminate the spirit, what is there to it but so much machinery and so much cunning? You cannot build up a high, fine civilization in the way that you are progressing here."

Ecarache, Toothache
Now Quickly Subdued

These are the sort of life that call for a powerful and certain remedy. When your tooth is jumping when you want ease and comfort in a hurry, you always get that quick relief from Ecarache. "Ecarache" Many who have proved the untiring merit of Ecarache call it "King over Pain." Certainly no family can be without a bottle of this dependable medicine. Ecarache is a protection against a hundred minor ills, such as cramps, gas, on the stomach, headache, toothache, earache, etc., and a 25¢ bottle from your dealer is day.

Astronomical Unions

Canada Is Represented At Meeting Recently Held in England

Canada's position in the realm of astronomical research is indicated by the leading part taken by the Canadian delegates at the second triennial meeting of the International Astronomical Union held at Cambridge, England, from the 14th to the 22nd of July, 1925. The union, which was formed in 1919, is now composed of twenty-two countries; Canada has been a member since 1920. General meetings of delegates are held every third year for consultation and the arrangement of modern astronomical observations in Moscow, and one at Moscow in 1926. The union has \$2,500,000. The government itself will spend \$25,000,000 in the re-construction and equipment of its present telescope system.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development.

Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the disorders and dangers of worms in the system are removed, and satisfactory results are assured.

A British Model Car

Premier of Malta Says Government Will Give Model Site Rent Free

The British empire already provides very varied and representative. It is shortly to have added the only thing it now lacks—a British Model Car. It will be erected in Malta, island, which has sent many thousands of immigrants to Canada.

Dr. Hon. T. M. Mical, prime minister of Malta, who arrived in London on an official visit, states that his government has decided to give the site of a great new hotel rent free.

"We shall build a casino near the hotel which will face the sea," he said. Tennis courts will be constructed, swimming pools, and a polo club and race course will be easily accessible. "The government realizes that Valetta, the capital of Malta, is neither modern nor any enough to compete with Monte Carlo. A wide area around it, therefore, which has hitherto been kept by the military authorities, is now to be built on. It will make the city nearly twice its present size. Modern shops, theatres and beautiful buildings will spring up."

Building Boom in Rome

Building is progressing so rapidly particularly in suburban sections of Rome, that the municipal authorities are unable to keep pace in furnishing names for the streets, and numbers for the houses.

Aspen's name first appears in literature about 570 B.C.

Minard's Liniment for Colds

How Robert M. Koenig
Found Remedy for
Pimply Skin

For years my skin would break out every once in a while—and I was doing my best to help me.

I read a doctor's article stating that Pimples usually come from the stomach—and I was not getting rid of the pimples.

I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and skin blemishes. Carter's are all you claim for them.

The book, which has been named the Ome H., weighs 214 gms., and has accommodations for ten persons. When tested recently in rough water, it attained a speed of fifty miles an hour. It can travel in seas in which the ordinary motor boat could not move. The Hon. Mr. Guinness says his boat is considerably faster than those built in the United States for Lord Louis Mountbatten and Claude Grahame White, and he hopes to arrange races with their craft.

Mile-A-Minute Boat
Built in England

Fastest Cruiser Of Its Class In the World

With the object of proving that Great Britain can turn out faster motor boats than the United States, the Hon. Arthur G. Guinness has just had built in his order a cruiser which is said in London to be the fastest boat of its class in the world. It is fitted with a 12-horsepower Napier aeroplane engine and has an estimated speed of a mile a minute.

The boat, which has been named the Ome H., weighs 214 gms., and has accommodations for ten persons. When tested recently in rough water, it attained a speed of fifty miles an hour. It can travel in seas in which the ordinary motor boat could not move. The Hon. Mr. Guinness says his boat is considerably faster than those built in the United States for Lord Louis Mountbatten and Claude Grahame White, and he hopes to arrange races with their craft.

Automobile Phones For Russia

Preliminary Arrangements Have Been Concluded Between The Soviet Government and the Ericsson Telephone Company

Stockholm has been made a dust-free city through the use of fly in which wood pulp has been dissolved. Streets and roadways are sprayed with the by-product, which has hitherto been wasted. Two weeks after treatment with the new liquid the surface of a roadway became smooth and hard, as though coated with some kind of asphalt.

Dustless Roads in Stockholm

Stockholm has been made a dust-free city through the use of fly in which wood pulp has been dissolved

Many mothers can testify to the virtue of Mother Gayer's Worm Expeller, because they know from experience how harmful it is.

Corn Culture in the West

Corn is steadily gaining in popularity throughout the west as an all-around diversified farming and it is estimated that 10,000 acres were grown in Saskatchewan last year. Although wheat was scarce in 1924 and the price for it had been low, farmers in the west slightly higher this year than last.

A total of 8,000 new books were published during 1925.

THE CHAMPION CHRONICLE

B. N. Woodhull, Publisher.

Issued every Thursday morning from the office of publication at Champion, Alberta.

Subscription \$1.50 per year, payable in advance.

ADVERTISING RATES

Legal advertisements, 15 cents per line for first insertion, 12 cents per line for each subsequent insertion.

Advertisements of Wanted, Lost, Found, Strayed, etc., not exceeding one inch, 50c cents for first insertion, 25 cents for each subsequent insertion. Commercial rates on application.

THURSDAY, OCT. 23, 1923

NOTES AND COMMENT.

The opening of a sugar factory at Raymond is a long step forward in solving the problems of the irrigated sections of the south country. It is an important event in every way and the fact that in the near future Alberta grown sugar may supply the Alberta demand is particularly gratifying.

A union of the Universalist, Congregationalist and Unitarian churches in the United States is suggested as a possibility of the near future. The union idea seems to extend in every direction in religious and business circles.

Greece and Bulgaria are on the verge of war. The Balkan states seem bound to keep Europe in trouble all the time.

British troops are gradually preparing to leave Germany, the agreement reached at Locarno being quoted as the cause of a gradual withdrawal from the occupied territory.

The Imperial Oil Co. have been forced to abandon their well in Dead Horse Coulee, near the Rogers-Imperial gusher, at a depth of 2,500 feet. The oil game is still very far from a sure thing in this country.

Now that election is over there will be an opportunity for the discussion of the many other problems confronting us. While the election was rather an absorbing topic here by any means, the daily papers, at least, contained little else.

Doubtless the vote in regard to the establishment of a municipal hospital will soon be announced. Under the circumstances existing, this fall there should be little doubt as to the result. It hardly seems possible that either urban or rural ratepayers will vote for any further addition to present taxes.

Sheriff Young Dead At Lethbridge

Sheriff Malcolm Young died suddenly at his home on Third avenue south, on Friday night between twelve and one o'clock. The sheriff, who was an old timer, in the west, a veteran of the Red Rebellion, and who has lived in Battledore, Sask. and Lethbridge for nearly 40 years, was feeling in good health on Friday and was about his work as usual. During the night, he was taken by a seizure which carried him off so suddenly that the whole city was shocked this morning when the news spread. Sheriff Young was a most popular official, and his death will be keenly regretted throughout the city and the West. He was 66 years of age.

Two cases of appeal involving the Alberta, attorney general's department, will be heard by the privy council judicial committee in December. Frank Ford, K. C. being delegated to represent the government in both cases. One case is the Attorney General versus Cook, in which the privy council will be asked to determine the jurisdiction of the Alberta courts to grant judicial separation to a wife whose husband is living in another province. The other case is the crown versus Nadar, in which appeal is being made against two convictions for carrying liquor into the province unsealed and otherwise than by common carrier.

More than 1600 head of cattle were disposed of at the auction sale held in connection with the annual stock and feeder show held at Calgary this week. The high price of the sale went to J. L. Walters of Clive, whose earload won the grand championship of the show, and was sold to the Burns Co. at the rate of \$7.10 per hundred. Mr. Walters' car of short horns which won the reserve championship, was sold at \$7 per hundred. Savage Bros. of Big Valley received \$7 per hundred for a group of five steers. A carload of 20 steers owned by Escher Bros. of Scollard, went for \$6.90 per hundred.

The official opening of Alberta's new million dollar sugar factory at Raymond, south of Lethbridge, took place on Friday of this week, with many in attendance including representatives of the provincial government. A special train was operated on from Lethbridge for the event, which marks an epoch in the development of the irrigated sections of southern Alberta. The plant expects to handle something like 60,000 tons of beets this season, and is already commencing operations. The crop is a particularly heavy one, although being harvested under adverse weather conditions. Yields ranging anywhere from ten to twenty tons of beets per acre are being realized.

The second term of Lieutenant Governor Brett of Alberta, expired this week, but he will continue to fill the office until a new appointment is made by the government at Ottawa, which will not likely be until after the general elections next week. Dr. Brett has been in office for ten years.

By-elections to fill the six vacancies in the Alberta Legislature created by the resignations of members who have entered the federal field, will be held before another session, but as yet no date has been fixed for these elections. The vacancies in the house were created by the resignations of the following members: C. W. Cross, Edson; S. G. Tobin,

Dr. R. R. McIntyre

DENTIST

714 Herald Block, Calgary. Will be at Champion all day Monday each week. Appointments may be arranged at Moffatt's Hardware.

A Building AT A Bargain!

My store premises facing C. P. R., around the corner from Dupes. A real bargain to a quick purchaser. Apply to Gunder Nerison.

Leduc, T. C. Mines, Claresholm; A. R. McLeannan, Edmonton; Lumsden and Dr. Stewart, Lethbridge; Conservative, and W. M. Davidson, Calgary, Independent.

With due ceremony, the inauguration of the continent-wide phone service from Alberta was celebrated the past week, when the former Brett of Alberta conversed over the long distance phone with state heads in the states of Montana, Colorado and Arizona, and the Chief Justice Anglin at Ottawa, Canada. The inauguration of this service, by which Alberta telephone subscribers will be able to converse with any point in United States and with many points in Eastern and Western Canada and on the coast, was made possible through the co-operation of the Mountain States Telephone Co., with the Alberta Government Telephones. Repeaters have been installed at Lethbridge, Calgary and Medicine Hat, and copper circuits set up from Lethbridge to the boundary of Montana, linking up with the copper circuits extended north from Shelby, Montana. This has made possible the connection with the transcontinental system in the states.

In connection with the historical step taken this week by the Alberta Government Telephones, it is interesting to note that long distance service in the province has grown from 1,000,000 to 2,500,000 calls in the past ten years and that in that time, the revenue from long distance service has grown from \$393,300 per annum to over \$1,000,000 per annum.

The first commercial call over the new universal system was given from Edmonton on Wednesday night, when a resident of Edmonton conversed with a friend in Minneapolis, Minn.

The Chronicle

Local and General

Born.—In Calgary on October 15th, to Rev. and Mrs. F. G. Cook, a son.

Mrs. D. Pierson was a delegate to the L. D. S. conference at Lethbridge this week.

Found.—Pair black rimmed glasses. Think belong to Bozarth. Apply Savoy Cafe.

H. E. Smith left for Calgary on Wednesday in connection with a stock shipment being made from Brooks.

Dr. R. B. McIntyre will not make his regular call here on Monday, Nov. 2, but will be here the following Monday.

The Fall Stock Show and Sale will be held on the Exhibition grounds, Calgary, November 3rd to 6th.

Jack Howerton has a new Ford truck in which he looks very comfortable on the cold days we run into so frequently this fall.

The regular meeting of the Champion W. I. will be held at Mrs. F. C. Alcock's on Tuesday Nov. 10th. All ladies cordially invited.

G. F. Smith is at Brooks, where he had the misfortune to be thrown by a horse he was riding and was unable to return home. It is stated his injuries are not dangerous.

E. Mason moved during the week to the Durkee residence, recently vacated by R. F. Nelson. Mr. Mark intends occupying his own premises, vacated by Mr. Mason.

The threshed area was extended during the period from Tuesday to Saturday night last week before snow again intervened. It is estimated that nearly 50 per cent of the crop is now threshed. The majority of the grain threshed last week was tough, but even tough wheat seems highly preferable to that still in the stacks.

Born.—October 28th, to Mr. and Mrs. T. Geddes, a daughter. Levi Ayotte is here from Long Beach, Cal., and will remain for a month.

A. S. Roberts, of Barons, visited his brother H. M. Roberts between trains on Tuesday night.

Fresh ink spots may be removed by soaking in milk. Old ink spot that have been dried can be taken out by washing in hot lard.

M. A. McNaughton left on Tuesday for Wassila, N. Y. After waiting nearly two months to get his crop threshed he was forced to leave without seeing this accomplished.

Traced by bloodhounds to the bank of the Skeena river, it is feared that Chas. Slater, postmaster at Croydon, B.C., missing for days, was drowned while on a hunting trip.

Mrs. J. W. Corson and family left for Calgary on Thursday to join Mr. Corson, who has been employed with the Wood-Valance Co., there for some time. Many friends will wish Mr. and Mrs. Corson prosperity in their new home.

Mr. and Mrs. H. E. Tindall attended the wedding of Mrs. Tindall's brother, Paul Fitch B. Se., of Edmonton. The wedding took place at the home of brides parents Mr. and Mrs. C. W. Gibbs, Willowcrest Farm, Didsbury, on Wednesday Oct. 14th. Mr. and Mrs. Fitch will reside in Edmonton. Mr. Fitch is the assistant in agronomy in the University of Alberta.

Canadian Store Cattle On the British Market

(Experimental Farms Note).

One of the outstanding results of the removal of the embargo and the consequent entrance of Canadian store cattle on the British market has been a steady of the local markets throughout Canada. It is true that overseas prices have not shown an ex-

ceptional profit over home markets except in the case of cattle shipped from extreme Eastern points, not generally have those shipped been responsible for any losses, and this outlet has certainly steadied the home market to a remarkable extent.

Another important feature of the present situation is the increasing popularity of Canadian store cattle on the British market. Shipments overseas to the middle of September this year are 23.5 per cent higher than for the same period in 1924 and 40.8 per cent higher than for the same period in 1923. When it is considered that this increase has taken place in spite of high freight rates and a lack of adequate ocean shipping facilities (due largely to the fact that there is insufficient west bound freight), no fear need be entertained regarding the popularity of Canadian cattle on the British market.

A further consideration is that under present conditions in Great Britain, meat prices, being high, it would appear that while grass is available, live stock is not, which would point to a continuance of high prices for beef and consequently a continued demand for Canadian store cattle.

It will not be out of place here to mention that as a result of many experimental shipments (which are to be continued) it has been found that the handy weight steer, i.e., 1,000-1,100 pounds, fairly well fleshed but not fat, of good blocky type, and showing uniformity and breediness in type and colour, is the steer that will best meet the above mentioned continued demand.

It would seem, therefore, that the breeder, feeder and shipper of store cattle may look forward to a continued, profitable market for his produce, provided he has the right kind. Particularly is this true of the Maritime Provinces where a short land freight haul, and ocean shipment at any time of the year, enable the shipper to realize a greater profit than his western competitor.

We owe less to the inventions of the 19th century than we do to the men who lived before even the pyramids were built.—Mr. W. Hughes Jones.

Perhaps there is no greater proof of the value of the influence of Red Cross in the home, than the remarks of a mother whose child had recently joined the school breach. Her mother said: "It has entirely changed my little girl. She was a constant anxiety to me in the smaller matters of her personal hygiene. The care of hair, nails, teeth etc., had been the subject of much nagging before I could get her to attend to them. Nowadays she takes the greatest pride in herself, telling me that 'a Red Cross child must be always spick and span and shiny.' At her school they have manual drill and songs with actions which refer to the morning health habits. This instils these duties firmly into the children's minds, and in the case of my little girl, they have truly worked wonders. Then, Johnnie, the young master of the house, who is only five and not yet at school, has made the acquaintance of the Red Cross in the home; it has meant for our children, better health habits in their daily lives."

Oyez! Oyez!

In days of old when weather conditions were unpropitious or other things were wrong people dressed themselves in sackcloth and threw ashes on their heads. We do not want to see anyone around here wearing anything worse looking than their regular clothes, but as something is required to change our luck, try paying your subscription to The Chronicle. Good deeds seldom go unrequited, and this is the most outstanding good deed available to the majority of the habitants. Hurry in before it rains again if possible, but do not let the rain stop you in any event. **Something must be done quickly to save this weather situation. You're "It."**

RIFF OPERATIONS AGAINST ENEMY ARE EFFICIENT

London.—In spite of the recent news of the French and Spanish forces in Morocco, news received at Gibraltar seems to show there are still incidents which do not appear in the official communiqués and that even now the position of the Spanish in Melilla and the French on the eastern front may not be altogether secure.

Last Sunday, near the junction of the Franco-Spanish force on the eastern front, the French are said to have lost four complete batteries through a determined Italian attack, and but for the presence of a Spanish air squadron, the situation would have become serious. With the help of the Spanish airman, however, three guns were recaptured.

It is reported that on the same night a Spanish unit near the Albucares section was attacked by Rifians, dressed in the uniform of the Spanish army troops. The occupants of the posts were holding a concert and were completely surprised.

The whole garrison of 40 men is reported to have been taken with the exception of the lieutenant in command. The Spanish losses around Albucares are officially reported as being serious.

The Rifians are reported to be wailing the seasonable winter which will prevent support from the sea and raise before launching an attack on Albucares.

Remove Bullet From Heart Of Soldier

Wounded In 1915 Man Has Been Discharged As Cured

London.—Mike Kelly went to war and was wounded. He came back with a bullet in his body and a pain in his heart.

Now, ten years after the bullet ripped into him, Mike has just been discharged from the hospital. He is reported to have been completely recovered.

Kelly was shot in the lung at Nivelle, France, in the spring of 1915. The bullet was found lodged in the muscle of his chest. Getting out of the hospital as painful and dangerous as getting in, but Mike survived the delicate surgery.

Great Reduction In Western Turkey Crop

Production Will Be Considerably Less Than Last Year

Ottawa.—The turkey crop throughout Western Canada this year will be a short one, according to information which has been received by the Dominion livestock branch at Ottawa.

In its representative report, the livestock section. A prolonged cold and wet season through the latter part of May and June played havoc with the hatching and raising in Turkey, resulting not only the number of birds on the farms, but also their quality.

It is estimated that in Alberta there will be a reduction of probably 25 per cent. from last year's crop.

New Arrival Showed Enterprise

Win Prizes For Dairy Products Four Months After Coming To Canada

Ottawa.—Four months after her arrival in Canada, Mrs. W. M. Smith won prizes for her butter, cream and cheese. Mrs. Smith, who came to Canada from Glamorgan, Wales, under the British family farm settlement scheme in May, 1921, is now near Millar, British Columbia, and at a fair held there was her first prize for fresh butter, first for fancy butter, first for cream cheese, and second for clotless cream.

Air Traffic Gumped Up
Chicago.—A traffic jam in the sky to guard crowds from anti-air forces is caused by Mayor A. Collins, police chief. He will ask the city to provide the police department with a small pursuit plane, equipped with a repeating rifle and powerful searchlight.

Canada Trade Pact
Kingston, Jamaica.—Legislative Council have ratified the trade agreement between Canada and the West Indies. Several members of the council expressed the hope that Canada would give preference to Jamaica oranges.

Poland Gets Loan
Warsaw.—Poland has been successful in negotiating a loan for \$1,000,000,000, M. Grabki, premier and minister of finance, informed the Warsaw press. The proceeds are to be devoted to economic restoration, particularly for the new Bank of Poland.

Adverse Comment On Photograph Of Prince

Fancy Dress Picture Destroys Dignity Of His Position Says London Paper

London.—Adverse comment is appearing in the newspapers with regard to the fancy dress photograph of the Prince of Wales, dressed as a girl in response to amateur theatricals which was taken aboard the H.M.S. Republic on his return from his trip to West and South Africa, and which was shown at the Prince's residence. It is presumed this photograph has been circulated the world over. The photograph itself is harmless, even innocuous, the Prince's familiar features being scarcely recognizable. He is shown standing with a couple of male companions who also are in fancy dress.

The Manchester Guardian says: "The American press, as well as the English press, had dwelt on his importance as an Ambassador of the Empire, and it was felt in England that a new attempt to make a fool of him and to show that he was not fit to be a Prince and had been deceived by the world. Then comes this ridiculous, unbecoming, unfortunate photograph which goes to the world at the same time as the serious criticism of his services and character."

Predicts Dark Future May See Newspapers As Complete Picture Of Future

Chicago.—Radio has a future in which entire newspapers will be absorbed in complete pictures.

International broadcaster will be complete entertainment. Instructions will penetrate to the remotest corners of the world and "radio" will be a child's play.

This is the vision of Major General James G. Harbord, president of the Radio Corporation of America, who is in an address delivered before the conference on education and industry at the University of Chicago.

In the near future, Major Harbord thinks, there should be an international conference "to settle grave issues that cannot be much longer delayed."

Disarmament Note Not Wholly Accepted

Germany Objects to Allies Demand Regarding Polish Organizations

Berlin.—Herr von Hoefer, German ambassador in Paris, who has been in consultation with the foreign office, will shortly return to his post in Paris bearing the German Government's final reply to the allied recent disarmament note.

Fundamentally the German government is prepared to meet the requirements of the note, which the evacuation of the Cologne area was made contingent. The only point on which an accord has not yet been reached concerns the demand for the allies that designations as to rank in German police organizations shall be abolished.

Settlers From Scandinavia

Menonites Arrive In West For Land Settlement

Saskatoon.—A party of 600 Menonites from Lithuania have arrived here and will take up farms in Saskatchewan and Alberta. Most of the party will locate in the Northern district. Approximately 300 will settle in the Saskatchewan district while some will go into Alberta where arrangements have been made to locate a fairly large number.

The party was brought to Canada under the auspices of the Menonite colonization board which has its headquarters at Winnipeg.

Tribunes Subsidized By French
Paris.—The French press has succeeded in crushing the movement of the tribunes of the League of Nations. The tribunes were organized in May, 1921, and since that time have been engaged in a bitter struggle with the League of Nations.

At the end of the year of 1921, the tribunes were virtually ruined. Artillery tanks and armored cars were used by the French.

U. S. Sends Destroyers
Washington.—Two United States destroyers have been ordered from Gibraltar to Alexandria, Egypt, to replace the readiness there for use in British ports should their presence become necessary for the protection of American lives and property.

Win Gold Medal For Butter
Regina.—Winnipeg a gold medal for butter in the unadorned class, Mrs. Chapman, of Regina, has won a gold medal for butter in the unadorned class, Mrs. Chapman, of Regina, has won a gold medal for butter in the unadorned class.

To Make Dry Transferring
New York.—Prohibition authorities have a list of cabarets and restaurants which are to be closed on other liquor laws. The list is being sent to the dry commission.

More Communists Arrested
London.—Scotland Yard announced the arrest of Arthur McManis, chairman of the Communist party in London, and John Thomas Murphy, a frequent contributor to the Communist press, on charges of conspiring to incite sedition and murder.

Unusual Charge For Arrest
Jefferson City, Mo.—Lieut. Fred C. Nelson, United States army air service, faces arrest on a charge of "driving, killing and capturing a Canadian." The charge is being made by a Canadian.

Object To Use Of Title
Wife of Former Emperor of Germany Opposes Republicans

Stuttgart, Germany.—Editors of the Republican Gazette in Berlin, who are against the title "Kaiserin" for the wife of the former Emperor William, have alleged an attempt to lodge a criminal complaint against her under the penal code, was made at Nuremberg, but the court there passed the allegations aside to another court, which declined to present the case to the district attorney. Likewise the public prosecutor would not take any action.

It was charged that the wife of the former Emperor William, who was also alleged to be a member of the "Kaiserin" title, was also alleged to be a member of the "Kaiserin" title.

Captain Of Liner Is Shot

Belgium.—Captain A. H. G. Gies, commander of the Canadian Pacific liner, was shot and killed by a mob while on the ship.

Thomas Towers, first officer, was arrested, charged with the murder. The police are looking for the man who shot the captain.

Two other officers of the ship were seriously wounded by the captain's murder and are in an "awful" condition. They are David H. Gilmour, of Glasgow, assistant chief engineer, and John Huddell, of Boston, second engineer.

The account of the tragedy agreed by the ship's officers is that Towers went to the captain's cabin at 2:45 o'clock in the morning. A pistol was heard and the captain was found dead with a bullet wound in his head.

The police are looking for the man who shot the captain. The police are looking for the man who shot the captain.

**GREECE DEMANDS
HEAVY INDEMNITY
FROM BULGARIA**

Athens.—Greece has demanded an indemnity of 2,000,000 French francs from Bulgaria for the loss of Greek soldiers at the frontier.

The shooting of frontier guards near Demirhisar, on the Greco-Bulgarian border is the cause of the crisis.

Zionist Student Called Martyr

Denial Charge of Attempted Assassination of Polish President

Warsaw, Poland.—Poland appears to be threatened with a Jewish case arising out of the attempted assassination of President Wojciechowski by a Zionist student, Stanislaw Seliger, who was seen running away after the bomb was thrown, was arrested by the police.

The shooting of frontier guards near Demirhisar, on the Greco-Bulgarian border is the cause of the crisis.

Western Sugar Beet Industry
Alberta Sugar Producers In New Place

Lethbridge, Alta.—The first bag of sugar from the new factories of the Canadian Sugar Refiners, Limited, has been placed on sale at Lethbridge.

The factory began selling beets last week. About 25 per cent. of the beets have been delayed owing to wet weather.

There are 200 men employed at the factory while 500 are busy digging, haggling and hauling the sugar beets.

With the weather and the sugar beets, there is a keen demand for men throughout the province. Alberta, and will be for another month.

Beets are averaging heavier than expected, some going to the acre. The average will probably be about 12 tons per acre.

Beets are averaging heavier than expected, some going to the acre. The average will probably be about 12 tons per acre.

National Economic Conference At Winnipeg

Move to Invite Delegates to Make Tour of the West

Edmonton.—Council of the Edmonton board of trade has decided to take an initiative in a movement to take western boards of trade to have delegates to the National Economic Conference, which is to be held in Winnipeg, November 16 to 18.

The economic conference is to be held in Winnipeg, November 16 to 18. It is expected these in attendance will include foremost political economists from all parts of the Dominion.

New Race Discovered
London.—Prof. H. N. Goodrich claims to have found a new race of people in the mountains of Siberia. He says there are five clans containing more than 60 persons.

They call themselves "Neben," which means "new" or "people." They have dark hair and complexion and their language is different from that of the tribes of the Western Siberian people.

More Communists Arrested
London.—Scotland Yard announced the arrest of Arthur McManis, chairman of the Communist party in London, and John Thomas Murphy, a frequent contributor to the Communist press, on charges of conspiring to incite sedition and murder.

Unusual Charge For Arrest
Jefferson City, Mo.—Lieut. Fred C. Nelson, United States army air service, faces arrest on a charge of "driving, killing and capturing a Canadian." The charge is being made by a Canadian.

Object To Use Of Title
Wife of Former Emperor of Germany Opposes Republicans

Stuttgart, Germany.—Editors of the Republican Gazette in Berlin, who are against the title "Kaiserin" for the wife of the former Emperor William, have alleged an attempt to lodge a criminal complaint against her under the penal code, was made at Nuremberg, but the court there passed the allegations aside to another court, which declined to present the case to the district attorney.

Likewise the public prosecutor would not take any action.

OUR CURRENCY AT HIGH LEVEL ON N.Y. EXCHANGE

New York.—The heavy transactions of recent date in Canadian wheat and the increased demand from tourists for Canadian currency are given by officials here as accounting for the high premium of 5-5/8 of one cent over the gold exchange for the Canadian dollar.

The bank of Montreal in New York is understood to have shipped about \$2,000,000 in gold during the last week and the New York Trust Company is transferring about \$2,000,000 worth of the metal to Montreal.

**Disarmament Move
Would Be Welcome**

Chicago.—If President Coolidge should indicate and carry through a movement for world disarmament at this time, he would be considered as one of the greatest benefactors of the world.

E. E. Owen Jones, London, England, editor of The Phoenix Magazine and an address speaking the 25th annual convention of the United Typographical Union of America.

"If for no other reason than a common one," he said, "we welcome with enthusiasm the suggestion that President Coolidge should initiate a movement for disarmament."

Australia Reserves Decision

Cabinet Awaiting Government Approval Of Decision

Sydney, N.S.W.—Commenting on the security pact Premier Bruce emphasized the fact that the agreement specifically covers the British dominions and India from the obligation there contained but makes provision for the future.

The cabinet is expected to endorse the pact if they so decide. The cabinet is expected to endorse the pact if they so decide.

Dominion To Be Represented

Canada Sending Radio Delegation To U. S. Meet

Ottawa.—The dispatch of marine and fisheries will be represented at the fourth United States radio conference, which is being held at Washington, November 9 to 12.

The conference is being called by the United States department of commerce, primarily to discuss radio matters in the United States, but following the precedent of previous years, Canada, Mexico and Cuba have been asked to send representatives in order that they may be co-ordinated in the development of radio in North America.

France Carries On Costly War

Heavy Losses In Connection With War On Morocco and Syria

Paris.—France has lost more than 100,000 men and has spent \$1,000,000,000 in Morocco and Syria since she took over the province and assumed the League of Nations mandate.

Such is the information imparted to the finance committee of the Chamber of Deputies by Premier Poincaré. In 1917 more than 100,000 men were killed, 5,297 wounded, and in Syria 6,226 killed, wounded or are missing.

France has lost 50,000 men in Morocco and in Syria more than 2,000,000 francs.

PROBLEM TO FIND WHEAT WHICH WILL RESIST RUST

Moore Jav.—Have pathologists do not try to hurry the agricultural scientists engaged in fundamental research work. There are 17 different kinds of rust which will attack wheat in Canada and it is a big problem to find a variety of wheat which will resist all kinds of rust and produce a satisfactory yield.

This was the message delivered by Dr. Charles Saunders, Dominion cereals and flax expert, at a meeting of the Canadian Agricultural Society, held at the Hotel Macdonald, Ottawa, last night.

Dr. Saunders divided the development of what he termed the "rust" into three periods: 1. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

2. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

3. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

4. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

5. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

6. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

7. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

8. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

26. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

27. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

28. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

29. The rust is a disease of wheat which is a disease of wheat which is a disease of wheat.

WHEAT POOL OF SASKATCHEWAN SUBMITS REPORT

Regina.—Slightly over half a cent (1/2 cent) or \$100,000,000 was the cost of the first year's operation, ending July 1, 1925, of the Saskatchewan wheat pool according to the directors report presented at the first annual meeting of the pool delegates held here.

After 140 delegates were present, the directors were summarized in the following statements: The pool was organized in 1924, with a capital of \$1,000,000, and has since that time been operating as a pool of wheat and market goods with elevators, 4,141,941 bushels, \$6,904,000; preliminary expenses of wheat, \$2,637,000; preliminary expenses of market goods, \$2,637,000; total, \$10,175,000, less costs, \$10,175,000.

The directors reported that the pool has been operating as a pool of wheat and market goods with elevators, 4,141,941 bushels, \$6,904,000; preliminary expenses of wheat, \$2,637,000; preliminary expenses of market goods, \$2,637,000; total, \$10,175,000, less costs, \$10,175,000.

Douglas Meeting Draws Good Crowd

There was a big turnout on Monday night for W. J. Douglas' meeting. Mr. Douglas was unable to reach Champion in time for the meeting owing to impassable roads. He was represented by Dr. Taylor and A. B. Hogg, of Lethbridge, who discussed the questions before the electors in an interesting manner.

Red Cross Day On Saturday

Saturday will be Red Cross day in Champion and it is hoped the collectors will be met with a ready response. Red Cross activities cannot be overlooked as amongst the best efforts being made to assist where assistance is needed in sickness. Everybody should help to the extent of their ability.

CHURCH BULLETIN

Rev. J. Lee announces the following services for Sunday next, November 1.

11 a.m.—Sunday School.

7.30 p.m.—Public Worship. Story for the boys and girls, and sermon by Mr. Lee, and selection by the choir. A hearty welcome to all.

Miss Tory spent the week-end in Calgary.

Miss Woodman of Carmanagay, was a visitor in Champion over the week-end.

Miss Agnes Murphy, teacher at the Buffalo Hill school, was the guest of Miss Gooderham over the week-end.

Thirty-nine states have accepted the provisions of the federal act for vocational rehabilitation of industrial cripples.

L. Jopling, who has been in Milo, assisting in the Jopling Bros.' store for the past two weeks, returned to his home Sunday, Oct. 25.

During the year ending June 30, 1925, the federal employment service, in co-operation with the various state employment offices, placed more than 2,000,000 men and women in jobs.

The new fish reduction plant which is to be constructed on the west coast of Vancouver Island by the Oceanic Fish Oil and Meal Company, Limited, of Vancouver, will have a capacity of from 30,000 to 40,000 gallons of oil per month. The plant is to be built at Quatsino, and will mark the sixth new industry of this character to be started on the west coast this year. The plant will be ready for operation next season. Major Frank B. Edwards, one of the leading directors, announces.

It is understood that negotiations are now under way for the purpose of 40,000 acres of cultivated Manitoba farm land, with the object of settling thereon 500 families from the provinces of Venetia, Trentino and Friuli, Italy. The project is being financed by a group of banking institutions in northern Italy and is approved by Premier Mussolini and by Volpi, minister of finance. Italy's representative in the matter, who is a frequent visitor to Winnipeg now, is Miss Italia Garibaldi.

The soil survey report of the Macleod sheet, covering about 21 million acres, and including a soil map of this area, is now in press, and will appear shortly as Bulletin 11. The work is being carried on by the Soils Department and the Department of Geology of the University is co-operation with the Alberta Department of Agriculture, and the Dominion Department of Interior, Topographical Branch. The report, accompanying the map, describes the properties of the surface and subsoil of the various soil types, topography, drainage, crop adaptation, water supply, fertility, values of the soils, systems of farming, and methods of soil management, and also contains a description of the soil.
